

## Equipment lists

### Life-Saving Medical Devices / Equipment - 1

#### Airway & breathing

- Bag-valve mask (adult and pediatric) •
- Oxygen cylinder or oxygen concentrator •
- Oxygen masks and nasal cannulas •
- Laryngoscope (intubation) •
- Oropharyngeal airways •
- Suction pump (manual or electric) •
- Pulse oximeter •

#### Monitoring equipment

- Blood pressure monitor •
- Stethoscope •
- Thermometer •
- Blood glucose meter •
- Hemoglobin testing device •

#### Emergency treatment devices

- Automated External Defibrillator (AED) •
- IV infusion pump or flow regulator •
- IV poles •
- Fluid warmers •
- Surgical suction systems •

#### Minor surgical instruments

- Scalpel handle and blades •
- Surgical scissors •
- Retractors •
- Artery forceps •
- Needle holders •
- Minor surgical kits •

#### Patient handling

- Stretchers •
- Patient transfer boards •
- Splints for limbs •

#### Disposable Medical Supplies (Consumables) - 2

##### Injection & IV supplies

- Syringes (all sizes) •
- Needles (various gauges) •
- Intravenous cannulas •
- IV infusion sets •
- IV fluids •

##### Wound management

- Sterile gauze •
- Cotton wool •
- Elastic bandages •
- Vaseline/paraffin gauze •
- Sutures •
- Surgical drapes •
- Adhesive dressings •

##### Airway consumables

- Suction catheters •
- suction tips •
- Nasal prongs •
- Oral airway kits •
- Nasal airways •

##### Diagnostic disposables

- Glucose test strips •
- Disposable thermometer tips •
- Tongue depressors •
- Finger-stick lancets •

Personal Protective Equipment (PPE) - ३

- Sterile gloves
- Examination gloves
- Face masks
- Eye protection (goggles/face shield)
- Protective gowns
- Aprons
- Caps
- Shoe covers

Other Critical Emergency Supplies - ४

- Tourniquets
- Nasogastric tubes
- Urinary catheters (Foley)
- Sharps containers
- Waste disposal containers
- Soap and disinfectants
- Sterilizers
- Flashlights or examination lights

Key Medical Items - ०

- Trauma kits
- Emergency surgical kits
- Antibiotics and analgesics
- IV fluids
- Anesthesia drugs
- Blood transfusion supplies
- Vaccines and chronic disease medicines
- Surgical instruments
- Respiratory support devices
- Monitoring equipment

- Disposable consumables (gauze, syringes, IV sets)
- PPE
- Infection-control materials
